

ISLAND WINES

SCREWTOP ROSE WINE CLUB JUNE 2021

LONG CLAWSON MANGO GINGER STILTON

Leicestershire, Great Britain

Handmade traditional Wensleydale cheese is made from milk drawn from cows grazing the sweet limestone pastures on surrounding farms in Upper Wensleydale. This gives the cheese the unique flavor for which it is renowned. The cheese is a fresh, young cheese taken at only three weeks old - it has a clean, mild, slightly sweet flavor with a honeyed aftertaste. The superb texture of fresh Wensleydale is perfectly complemented by the tropical addition of mango and ginger to make this cheese a winner!

- Made from pasteurized cow's milk.
