

SCREWTOP

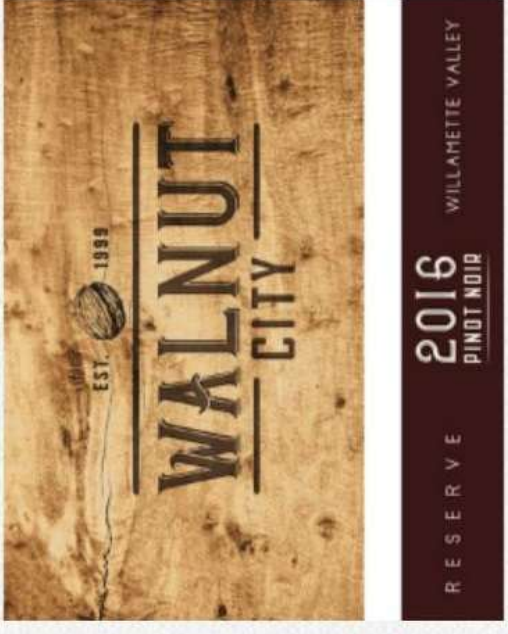

Pilgrimage of Pinot Noirs

JULY 2021

CHEESE PAIRING: Cambozola

Cow's Milk (pasteurized)
Region: Allgäu, Germany
Produced by Käserei Champignon
If Brie and your favorite blue cheese harmoniously copulated; Cambozola would be their delicious offspring! Part Brie + part Blue, this creamy cheese will "udderly" delight bloomy rind cheese lovers! The rich history of Käserei Champignon goes back over 100 years! Yes they also make Champignon (the magnificent mushroomy brie!)
The Allgäu is a mountainous region in Bavaria, southern Germany. It's known for its castles, like the 19th-century fairy-tale Neuschwanstein Castle, built for King Ludwig II, and the nearby Hohenschwangau Castle.

Walnut City Wineworks Reserve

VINTAGE: 2016
REGION: WILLAMETTE VALLEY, OR
An expressive nose of dried rose petal, tart cherry, wild strawberry and raspberry bramble stands prominently and in balance with a palate that is graciously ripe and balanced with bright acidity and a modest alcohol level. The weight and mouth feel are lifted and sleek with a generous, sweet mid-palate and very fine, evolved tannins on the finish. In this warmer vintage we are grateful for the secondary herbal, floral and earth notes. Youthful acid and tannin add complexity. The Reserve is vibrant and energetic in its youth and will be eager to evolve in bottle over the next 8-10 years.
450 cases produced.

DRAGONETTE

PINOT NOIR
Sta. Rita Hills

Dragonette Pinot Noir

VINTAGE: 2018

REGION: STA. RITA HILLS, CALIFORNIA

This wine is crafted from several of the finest vineyards in the Sta. Rita Hills, including, for the first time, the old vines from the famous Sanford & Benedict Vineyard (30%). The blend is rounded out with Bentrack (23%), La Rinconada (14%), John Sebastiano (14%), Radian (7%), Spear (6%), Fiddlestix (3%) and Donnachadh (3%). Wines from the warmer parts of the SRH provide dramatic fruits and baking spices, wines from the cooler portions provide, higher toned red fruits, fresh herbs, minerals and great acidity. The multiple vineyards combine to create great complexity, and 15 months aging on the lees provides texture, structure and length. Although young, the wine's great freshness and lift provides delicious drinking already, and the wine has a long life ahead of it."
