## CHEESE PAIRING:

### Pecorino Toscano DOP

#### Sheep's Milk, Tuscany, Italy

This Pecorino Toscano D.O.P. wheel is a semi soft cheese produced exclusively with sheep's milk coming from pastures in Tuscany and bordering territories. Rich in tradition, it is famous around the world for its fresh, delicate flavor. It has a sweet flavor and milky aroma, notes which evolve during aging towards a more intense, structured flavor and a surprising aromatic complexity.

Tasty on its own as a table cheese, it may also be enjoyed in many ways, in hors d'oeuvres, paired with honey, marmalades and caramelized fruit, or blended into delicious salads with the addition of extra virgin olive oil. **\$7.99 retail**
